

NATION SENDS SYMPATHY TO GRIEVING PRESIDENT

Burial Is to Be Made at Mrs. Wilson's Early Home, in Rome, Ga., on Wednesday; the Executive Offices Are Closed and Flags Float at Half Mast; Officials and Diplomats Send Condolences.

WASHINGTON, D. C., Aug. 7.—Messages from every part of the United States and from abroad poured into the white house today bearing the sympathetic expressions of thousands for president Wilson and his daughters on the death of Mrs. Wilson.

It was said that the burial would be made at Rome, Ga., the girlhood home of the president's wife.

Funeral services for Mrs. Wilson will be held at the white house at 2 p. m. Tuesday, after which the body will be taken on a special train to Rome. The funeral will be attended only by the family and intimate friends.

Bearing up well under the grief, the president went back to his desk to sign a few important papers, but returned to the white house where the flag fluttered at half mast and the shades at the windows were drawn.

Attaches Show Deep Grief.

Gates to the gates were closed, only the most pressing business was transacted at the executive offices, and attaches and servants, all of whom Mrs. Wilson knew personally, showed their deep grief.

On every hand throughout the capital, expressions of tenderest sympathy for the president were heard. Under the heavy strain of domestic legislation at home resulting from the European crisis, he worked unceasingly. His knowledge for the last three weeks that his wife was ill to death has added immeasurably to that burden and Thursday afternoon at 5 o'clock when the last faint flicker of life was extinguished, those who knelt at the bedside saw him give way to his grief, probably for the first time.

The cabinet meeting was canceled and all regular engagements for the next few days will be put off, the president seeing only officials with important business.

Definite arrangements for the funeral will not be made until after the arrival of Prof. Stockton Adams, Mrs. Wilson's brother, who now is on his way to Washington from Oregon.

Special telegrams were brought to the white house to receive the flood of messages which came from persons in every walk of life in every state.

Would Not Interrupt Business.

According to present arrangements the regular business of the government departments would not be interrupted except at the time of the funeral.

Vacation Time Ills

There is always the danger of sudden illness through change of water, change of climate and a different mode of living.

Duffy's Pure Malt Whiskey

is the reliable remedy for chills, fever, colds, dysentery, diarrhoea, nausea, and all summer complaints. It gives to the sick and ailing the nourishment and tonic properties from barley and other grains which are the great strength giving foods. Put a bottle or two in your grip, and be one of the travelers who always "Keep Well."

Sold by most druggists, grocers and dealers. \$1.00 a large bottle. Valuable medical booklet and doctor's advice free.

The Duffy Malt Whiskey Co., Rochester, N. Y.

TAKING CALOMEL IS A BAD HABIT

So powerful it Shocks Liver and Leaves It Weaker Than Before—Doddson's Liver Tonic Is Better to Take

Nearly everybody who has ever tried calomel has found that it gives only a temporary relief. For calomel is such a powerful drug that it shocks and weakens the liver and makes it less able afterward to do its duty than in the first place.

This is one of the reasons why Kelly & Doddson guarantee Doddson's Liver Tonic to take the place of calomel. Doddson's Liver Tonic is a pure vegetable liver tonic that will cure constipation quickly and gently, without any danger of bad after-effects. It is guaranteed to do this with a guarantee that is simple and fair. If you buy a bottle of Doddson's Liver Tonic for yourself or your children, and do not find that it perfectly takes the place of calomel, then return to the store where you bought it and get your money back with a smile.—Advertisement.

Soft and velvety. Money back if not entirely pleased. Nadine is pure and harmless. Adheres until washed off. Prevents sunburn and returns of discolorations. A million delighted users prove its value. Tints: Flesh, Pink, Brunette, White.

By Toilet Counters or Mail, 50c. National Toilet Company, Paris, Tenn.

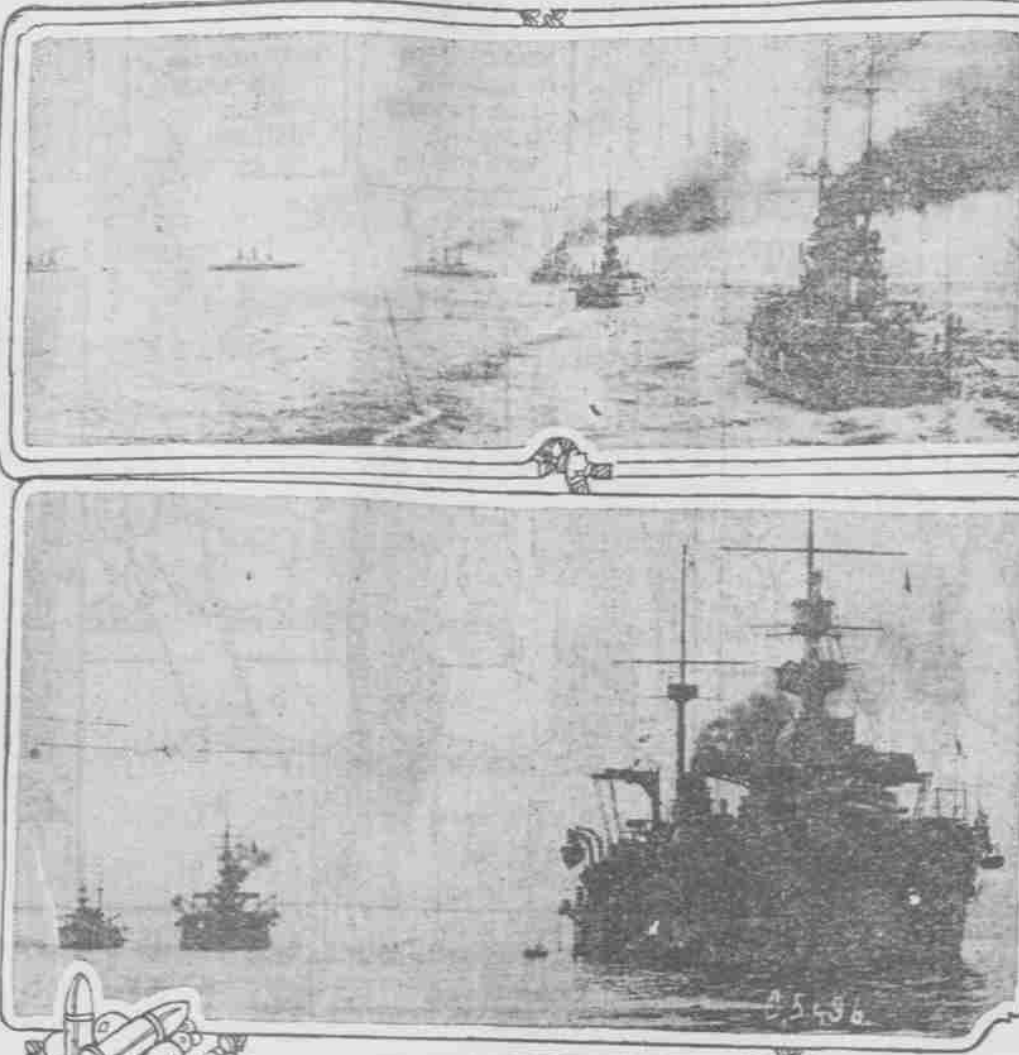

Former Brakeman Sues FOR \$40,000 DAMAGES

Suit for \$40,000 damages was instituted in the first district court Friday morning by George F. Lederer against the Southern Pacific Railroad company. The plaintiff sets forth in his suit that he was employed as a brakeman on October 30, 1912, by the defendant company and that while in the discharge of his duties as a brakeman he met with an accident on train No. 230 at Lemoore, Cal.

The plaintiff alleges that while uncoupling cars, the engineer started the train with a jerk, without signaling to him; that he was thrown under the cars and one leg so badly crushed that it was necessary to have it amputated, which necessitated his being confined to the hospital for six months. He also holds the company was guilty of negligence with its coupling appliances on which he was working.

PROPERTY STILL CONFISCATED BY ORDER OF VILLA

Bureau to Handle Matter Created at Chihuahua; Recruits Plentiful.

Villa has established an elaborate confiscation department in the Banco Minero building at Chihuahua and is preparing to confiscate everything in the state that he can take without causing foreign complications, Americans from Chihuahua say.

The rebel government has had a confiscation bureau in the Banco Minero building, itself a confiscated property, has been taken over by the enlarged department and all of the properties in the state are being listed there with a view to confiscating them and distributing them among the soldiers and poor people of the state.

No mines that are in operation are being molested and none which were not in operation when Villa took Chihuahua are being bothered at the present time. The properties that Villa intends to confiscate to the use of the state are those which were closed down at the time the government changed from federal to rebel and the mine, ranch and factory owners left for the border, Americans declare.

Dolores Mine Closes Down.

The Dolores mine, 40 miles west of Madera, has been forced to close because of the scarcity of labor and the inability to get the ore out, mining men from Chihuahua say. A number of other mines are expected to close this month, as it is almost impossible to get laborers from the mines. Villa's recruiting activities are largely responsible for this shortage of labor, the mining men declare, as Villa is recruiting every available man for service in his army and few are left to work the mines and ranches.

Demands have been sent to a number of the mines that continue to operate, saying that 10, 15, or more men must be sent to the army from that mine or it will be closed by order of the state government.

Recruits Are Plentiful.

Recruits continue to pour into Chihuahua and are being drilled by Villa's generals in person. It has been customary in the past to drill the recruits with second lieutenants and other minor officers. But Villa has ordered all of his men, including Gen. Felipe Angeles, to take charge of the drill work and Americans say that Gen. Angeles and the other generals now in Chihuahua may be seen at work whipping the recruits into some semblance of military discipline.

Awaiting Ammunition.

The Americans predict the break between Carranza and Villa will come as soon as Villa gets the 2,000,000 rounds of ammunition and a large quantity of rifles which were shipped from Galveston by Villa's agents on the steamship Hatteras and later landed at Tampico. This ammunition has been delivered to Villa agents in Tampico, "Constitutionalist" officials say.

Exquisite Hair Tinting

There is a new preparation on the market that is so entirely harmless and so easy to use that there is really no excuse for any woman (or man) to longer tolerate gray or streaked hair.

"Brownatone" meets and overcomes every objection heretofore found to hair dyes and is so pleasing in its uniformly splendid results that it has within a few months made thousands of women who could not now be induced to use anything else.

"Brownatone" is the result of most exhaustive experiments and is absolutely guaranteed satisfactory or money will be returned.

It positively can not be detected, will not rub off or wash off, and is harmless and permanent in every way. Prepared in two shades—one for golden or medium brown—the other for dark brown or black. Also in two sizes, 25c and \$1.00.

A trial size and an interesting booklet will be sent upon receipt of ten cents, or we will fill your orders direct if your druggist insists upon substituting.

Insist on "Brownatone" at your hair-dresser's.

Made only by the Kenton Pharmacal Co., 554 E. Pike St., Covington, Ky.

For sale at all druggists. Kelly & Polard, distributors.—Advertisement.

REBELS GAIN IN MAZATLAN BATTLE

On board U. S. S. California, Mazatlan, Mexico, Aug. 6.—(By wireless to San Diego, Calif., Aug. 7.)—All last night and today there has been continuous fighting between the besieging "Constitutionalist" and the federal garrison defending Mazatlan. The "Constitutionalist" have succeeded in capturing all the outer defenses of the city.

The federal garrison's ammunition, but obtained fresh supplies from the transporters the day.

The Japanese cruiser Isumo is coaling at Mazatlan, preparatory to returning to Japan.

here have been advised, and was surrendered as a peace move on Carranza's part, as it was feared that Villa might make an open breach if his ammunition was longer delayed.

May Muster 50,000 Men.

At Chihuahua it is believed that Villa can muster an army of 50,000 should he start south, as he is expected to do soon. He now has more than 20,000 well drilled men, the Americans say. He is recruiting 10,000 more and an equal number from the other rebel commands. Obregon's command is said to favor Villa over Carranza and a number of the others southern commands will align themselves with Villa in the event of an open rupture, it is believed.

HERRERAS IGNORE CONFISCATION ORDER

Peace is being preserved in Parral by Luis Herrera and his brother, Macario, Americans from that camp report. No confiscations have taken place in the Parral district, in spite of the orders from Chihuahua to seize all land not being worked. Land that had been ordered seized has been restored to the owners and quarantines are being given foreigners and native alike in that district.

A number of executions were ordered in Parral for political offenses and for grafting, but were commuted to prison sentences by Herrera, who is opposed to further executions in the district which he commands. The troops of the Parral garrison, numbering 200, are preparing to go to Santa Rosalia to join Villa's main column when it moves south from Chihuahua. It is expected that this mobilization will take place this week.

CARRANZA STARTS SOUTH; WARNS FOE

Saltillo, Mex., Aug. 7.—Venustiano Carranza and his cabinet left on a special train Thursday at noon for San Luis Potosi. Carranza will establish temporary headquarters there, and will proceed from that city to Mexico City. It is expected that the capital will be reached and occupied by the "Constitutionalist" within three weeks.

Carranza telegraphed president Carbajal that he had learned the federal army did not intend to surrender and added that if this movement were carried out, whether by orders of Carbajal or any army officers, direct action would result. He also declared that if arms and ammunition were not delivered he would apply the law of the president himself and all civilian accomplices.

RUMOR SAYS REBELS ENTER MEXICO CITY

An unconfirmed report was received in El Paso Friday that the first "Constitutionalist" troops had marched into Mexico City without opposition. Consul Rafael E. Marquez has received no report of this troop movement, although he was to Saltillo and San Luis Potosi for definite information regarding the southern troop movement.

SITUATION THREATENING, MEXICO CITY CONSIDERS

Mexico City, Mex., Aug. 7.—Despite the official announcement made Wednesday that an armistice had been agreed upon between the government and the "Constitutionalist," the situation here is threatening. The government claims it was misinformed as to the attitude of Carranza.

The secretary to president Carbajal said today that the president in the near future would make a statement outlining the policy of the government, but he would give no inkling of the nature of the proposed statement, saying that the action to be taken by the president was as grave in character that it would be unwise to define it.

Reinforcements aggregating 1500 men with nine field pieces were rushed to the front of Huehuetecala late Thursday.

no longer. Thursday, when Gen. Maximiliano Garcia arrived from the south, crossed the border in an automobile and registered at the Hotel Sheddington with his staff of eight. He was met by a young officer who told him that the Mexican side of the river was the place for all rebel or federal generals. The officer was Lieut. Vincent F. Brown, provost marshal, and he was acting under orders from headquarters that no Mexican officers be permitted to remain on the American side of the line. If they return they will be sent to Fort Wainwright, N. M.

The visit of Rodolfo Pierra to El Paso with his staff and companions caused much unfavorable comment and the army is determined to put a stop to the practice. The officers are not authorized to arrest any of the rebel officers, but they are ordered to detain the officers if they cross the border.

Patrol Is Tightened.

There is a general tightening of the patrol lines along the river front and additional efforts are being made to prevent ammunition smuggling. The shooting of Manuel Lopez by a soldier

of the 10th infantry Wednesday night while he was trying to smuggle ammunition to Mexico is expected to have a good effect upon the Mexican ammunition smugglers. The smuggling of rifles and ammunition across the border has more than doubled during the past two weeks and Villa has agents in Juarez and El Paso who are encouraging the traffic. Quantities of contraband ammunition have been smuggled across the line and shipped to Chihuahua. The American army is making every effort to prevent this and is watching all of the places where the smugglers are known to obtain their supplies.

The army has asked for permission to destroy all of the ammunition and rifles captured by the guards on the smuggling raids. The ammunition cannot be used by the American army and it is considered a nuisance to have quantities of it stored and under guard here. The Mexicans also believe that they will have the ammunition returned to them as was done with some of the ammunition seizures which were held by the department of justice.

Soft White Skin in Summer

THIS is the season that tests the quality of toilet preparations. Face powders, creams, rouges and other necessary little accessories should be of the very best materials, and made up under the direct supervision of experts.

No woman can be beautiful with a blotched and speckled complexion, yet even when the features are not perfect, a soft, clear and smooth skin will make the face appear beautiful.

Mme. Isbell's *Flask Worn Eradicator* thoroughly cleanses the pores, and removes blackheads, pimples and other blemishes. It makes the skin wonderfully smooth, fine and fair—keeps it from becoming too dry, or removes the excess of oil, if any—in fact, clears and refreshes the complexion as does no other toilet preparation. Its peculiar bleaching and healing effect is noticeable the moment it touches the surface of your skin.
